TIMELINE

The day before	Shop, wash and dry the fruit, and slice firm cheese. Store each in its own container.
1 hour before	Take out aged and firm cheese (45 to 60 minutes is best).
30 minutes before	Take out soft cheese and meat, then build the board: cheese first, then meat, then crackers, fruit and extras.
Once it's out	Serve within 2 hours, or 1 hour above 90°F. Refill from the fridge instead of putting everything out at once.
